LETTER

Sir:

This is in response to the Notification dated September 26, 1995. This Notification vacated a Notification Of Acceptance of Application Under 35 U.S.C. 371 (mailed August 30, 1995), and called for submission of declarations by the inventors which set forth all the priorities claimed.

There are 5 listed inventors, two of whom reside in Japan. Three reside in Sweden. Hence, two declarations are necessary because of the geographic distance between the inventors. These are attached.

LUD 5298-JEL/NDH

It is believed that the application is now in compliance,
pending to that end is urged.

Respectfully submitted,

FELFE & LYNCH
